

Environmental Policy

TCA Lifting Limited (TCA) proactively manages its environmental performance and we are committed to:

- Meeting in full the standards imposed by Environmental Legislation and self imposed Corporate Policies / Standards relating to the Environment.
- Pollution prevention and continuous improvement in environmental performance, working within the framework of an Environmental Management System.
- Setting the standards for selection and procurement of plant and equipment for hire, with a view to fostering sound environmental performance.
- Work closely with manufacturers to improve the environmental impact of their equipment.
- To work with customers to minimise the environmental impact of the equipment in use on their site.
- Training all personnel in environmental awareness to enable procedures to be followed to encourage the creation of an environmentally aware workforce.
- To promote a culture of conservation through training.
- Operating a good neighbour policy to minimise and respond to any adverse environmental effects we may have on others or on the environment.
- Effectively communicate the policy to all employees, customers and suppliers and make available on request to other interested parties.

Phil Lomax is the director appointed as responsible for TCA Lifting's Environmental programme.

Policy date: 5th January 2022 **Review date: 5th January 2023**
